Issue 39

Each week we will highlight a policy/procedure from the Student Handbook that will assist you in understanding more about the leadership philosophy and expectation at CCS. This week will review a section of the Immunizations from the Student Handbook, Sec. 5.17. If you have questions or suggestions, please do not hesitate to email or telephone Mrs. Soots or any CCS board member.

Immunizations

5.17 Immunizations

All Kindergarten students and sixth grade students receiving their second MMR inoculation (required by Indiana state law) must return a health record and immunization form completed by a physician by **no later** than September 1. Admittance may be denied if this information is not submitted to the office. This is a State of Indiana requirement. Proof of CHICKEN POX VACCINE is required or a note signed stating that the student has had Chicken Pox. Students must submit health forms as evidence of the examination. All students need documentation of immunizations as required by law. Health and immunizations forms will be made a part of the student's permanent records.

Transfer students or students entering the school for the first time at any grade level must have physical examinations or be able to submit the required health forms signed by a physician.
